Recurring messages

Set up a text message to be sent at regular time slots in the future with our new Recurring Message system. The new, upgraded system enables you to schedule messages that can be sent on a recurring bases in a simple and easy manner. If you would like to know more about Recurring Messages or get a quick demo please contact support@2sms.com for more details.

Special offer free 2way for 2 months

Trial our 2way service that allows the recipient to reply to your text messages. The replies can be viewed via our website, forwarded to your email account or into your data systems using XML. The first 10 customers to call and mention '2way offer' will be set up with the service free for 2 months. Call us now on 0800 65 222 77. (Offer available to UK customers only)

Unicode SMS coming soon

In response to customer request, 2sms will be implementing a service to support SMS messages written using non-Latin characters. One Unicode text message can only contain 70 characters, therefore when sending messages using characters outside the GSM 7-bit alphabet, the charges will vary. One message with less than 70 characters and including Unicode, will incur a cost of one 2sms text credit.

For more information on sending Unicode SMS contact support@2sms.com.
