Test your contingency account

If you are using the text messaging service as a contingency tool, make sure you test it at least once a year.

As stated in our [Terms and Conditions](#), 2sms has the right to archive any accounts that have been dormant for over 12 months.

Sending a test message to your contacts not only ensures that your account is active, but also helps you validate your address book.

Auto top up

Did you know that 2sms offer an auto top up system which will credit your account whenever your SMS balance gets low? This functionality will ensure that, not only your main account, but also your sub accounts never run out of credits.

It will save you precious time and avoids running out of credits as you will no longer have to top them up yourself.

Call our free support line on 0800 65 222 77 (UK) or 877 2767266 (US) to set up an auto top up on your account now.

Did you know that...

You can modify the way your address book appears on the sent message page by default. Simply go to www.2sms.com, log in using your account details and follow these steps:

1. From the 'My Account' tab select 'Account Details'
2. Scroll down to the 'Website Options'
3. Select Address Book view option that is mostly applicable to your account
4. Enter your current password and click 'Confirm'
