2sms Virtual Number Hub

2sms launches a one stop shop for one of the largest number of international virtual long numbers for SMS MT and MO services.

We support virtual numbers for France, Spain, Germany, China, India to name a few.

- 2sms have SMPP connections to a range of preferred suppliers
- We have negotiated wholesale prices and optimised the provisioning process
- We offer you a SMPP account. By formatting your submit_SM PDU's correctly, you can set a MSISDN header for MT's
- If you subscribe to a MSISDN, we will route MO's back to you via SMPP or XML

Emergency Planning Solution

2sms offers an emergency planning service that allows customers to alert employees in times of emergency and to get information back from employees responding with their immediate status.

Use of keywords and reporting allows staff to be sorted into those who are okay, those who are definitely in need of assistance and those who have not responded and may need assistance, streamlining resources to where they are most needed.

2sms Emergency Planning significantly reduces the risk of company failure by facilitating quick alert procedures and fast response times, allowing organisations to lower the costs arising from serious incidents.

It also generates staff loyalty by encouraging employees to feel safe and valued
