2sms Command Line Interface Solution Overview

The 2sms Command Line solution is one of 25 software solutions that act as a bridge from your corporate systems to the SMS messaging network. Visit www.2sms.com/software for more information.

The command line interface allows access to the 2sms Software client from a DOS command prompt. This allows developers to send SMS messages from batch files.

Simply run "desktopsms.exe -h" for help getting started.
